Education

- 2009–2013 **2:1 (69%) BSc Honours Neuroscience**, *University of Manchester, UK*.
- Averaged 1st in core neuroscience modules.
 - Demonstrated drive and creativity by designing my own final year project *de novo*.
 - Project (awarded 1st): Disproved validity of a pioneering artificial intelligence algorithm. Created my own computational model of learning networks of the brain. Gained experience in computational modelling and machine learning.
- 2007–2009 **A levels**, *Ibstock Place School, London, UK*.
Physics (B), Maths (B), Biology (B). AS level: French (B).
- 2005–2007 **GCSEs**, *Ibstock Place School, London, UK*.
1A*, 5As, 4Bs + Triple Science.
- Languages English (native), French (proficient) and Spanish (intermediate).
- Academic Honours
 - Featured in the University of Manchester Undergraduate Prospectus.
 - Silver Award in UK National Mathematics Challenge.
 - Advanced one year for academic attainment in primary school.

Experience

- Summer 2013 **Coffee barista and private beach head waiter**, *Plage Longbeach, Cannes, France*.
 - Enjoyed customer service and making great coffees.
- 2011–2012 **Research Intern**, *Laboratory of Functional Neuroanatomy, IkerBasque, Spain*.
 - Developed methodical approach and attention to detail from conducting unsupervised scientific experiments.
 - Developed presentation skills in regular boardroom meetings.
 - Project: Investigated changes in cell morphology of astrocytes in the triple transgenic mouse model of Alzheimer's disease. Developed skills in data analysis, fluorescence microscopy and immunohistochemistry.
- Summer 2011 **Estate Agent**, *Imperial Homes, Kensington, London, UK*.
 - Property negotiator in high-profile sales and lettings. Thrived in high-pressure negotiation situations and enjoyed problem solving in precarious deals.
 - Demonstrated competency in customer relations when conducting viewings and conversing with high net worth clients.
 - Gained experience in corporate and administrative etiquette in tasks such as answering the phone and sending emails in a professional manner.

Summer 2010 **Private beach waiter**, *Plage Rive Gauche, Juan Les Pins, France.*

- Enjoyed interacting with customers which was reflected by generating the largest amount of tips of all the waiters.
- Working 84 hours per week strengthened my work ethic and resilience.

Leadership roles

2012–2013 **Founder and chair**, of *University of Manchester Slackline Society*.

Developed team and time management skills by organizing events and managing studies in parallel.

2012–2013 **Committee member**, of *University of Manchester Ultimate Programming Society*.

Gave a talk on google apps script and google app engine to the society members.

Interests

- Computer programming
- I **love** to code! This is my favourite hobby. I am self-taught and I have an ever growing list of software ideas. Coding provides an outlet for my creativity.
 - I enjoy the mathematical and problem solving facets of programming and solve mathematical/programming problems in my spare time, such as those found at ProjectEuler.net.
 - Skills/languages: **C** (Built a terminal based meal organizer, a recursive sudoku solver and experimented with GTK.); **Web design** (Comfortable with HTML5 and CSS3 e.g. adapted a pure CSS3 dynamic nested treeview.); **JavaScript** (Comfortable, experience with OOP. Built a scientific referencing system for google documents. Currently cobuilding an HTML5 guitar hero-like game to teach users musical rhythm.); **Web dev** (Took a course in web development on Udacity and have built a blog using google app engine and python. Familiar with SQL, authentication principles, XML and JSON.); **Python** (Most comfortable and favourite language. Built miscellaneous applications, such as mp3 syncing scripts and an alarm, as well as more serious programs such as my final year neural network project where I became familiar with git, OOP and unit testing.); **Java** (No grand projects yet but very keen to develop android apps).
- Slacklining
- A high altitude modern form of tight rope walking which has developed my ability to be able to maintain composure under highly stressful situations.
 - At ground level, I use the slackline as a thin trampoline and have since been sponsored and competed at national level (currently 4th in the UK).
- Cycling
- I enjoy the challenge of bicycle touring and have travelled thousands of miles through Europe by bicycle. I have also volunteered at a bicycle recycling project in Manchester.
