Interests

Computer programming	Self-taught programming enthusiast, most experienced in neural networks and web development. Proficient in HTML, CSS, JavaScript, python (including numpy and matplotlib), C, Windows, Mac and Linux.

Slacklining	During my time in Spain I encountered the sport slacklining and have since set up my own society and I am ranked 4th in the UK.
Cycling	I enjoy the challenge of touring and have travelled several thousands of miles through Europe by bicycle.
Wikipedia	I am an official member of the Neuroscience Wikiproject and a regular contributor to wikipedia. I am an avid supporter of free education, sharing knowledge and open source projects.
